

Sun City West Woodworking Club
Board Meeting September 27, 2021
4:00 p.m. Wood Club

Members Present: Ken Bryden, Bill Gentry, Jim Sloan, Jim Rowe, Darlene Thompson, Merrikay Vidal, Bill Burgland, Ron Kolacek.

Members Absent: Ed Gallardo

Call to Order at 4:00 p.m. and a Quorum Established

A replacement milling machine was discussed. This would replace two machines that aged out. The board voted unanimously to propose the purchase of \$17,215 Milling Machine. Brochure attached.

Other new equipment added to the club, router table, edge sander and jump saw delivered today.

Dennis and John Manak are working on the remodel of the library.

Computer Systems in finance office and lumber room need to be updated. Cox is installing a router to hopefully solve the problem. Both computers may need to be replaced. No decision is required by the board at this time.

Bill Gentry proposed the purchase of a scroll chuck for the CNC recoil. Under \$300, only one is needed. Referred for follow up and purchase.

Education: Classes will be announced next week. Initially lathe classes will be formed, intro, bowls and advanced. Also, CNC class, ban saw box, Milling machine class is forming, one instructor has shown interest. The mill class will form when the machine is purchased.

Monitor training classes are being held regularly and has proven to be useful for our members. Another safety idea is to do short safety presentations on shop equipment.

No other business, meeting was adjourned at 4:30 p.m.

Jim Sloan
Wood Working Club Secretary
