

## How to make a pen

**Instructors:** Peter D'Attomo

**Prerequisite:** Students must be proficient in basic lathe turning.

**Enrollment:** Limited to four per class.

**Material:** All material needed will be provided.

**Description:** This three-hour class that will walk students through the making of a pen on a special JET lathe just for pens! Start with a piece of wood and end up writing with it. Peter is an experienced pen maker and will give individual attention to make sure the student comes away with a working pen. Don't think pens are all you can do. You can make all kinds of wood handles for metal accessories such as ice cream scoops, pizza cutters, etc. that you can purchase on line. Check out [Rockler.com](http://Rockler.com) among others.

**Fee:** \$15 per student.
