MILLING MACHINE

Instructors: Bill Gentry

Prerequisite: None

Schedule: 2 hours

Enrollment Limit: Minimum 2, maximum 4

Description: This class is an introduction to the Sharp Milling machine. It is intended for new and experienced users. The class will review safety measure and machine controls. Students will be shown how to mount material, control and manipulate the machine and cutting head. Each student will be able to do some basic operations on the machine.

Fee: $15
