    Merrikay Vidal

## Club Member/Visitors:

39 members in attendance, a quorum was not established.

## Secretaries:

May general meeting minutes were posted on the club website and bulletin board. Motion to approve May meeting minutes by Daniel Trojan, Motion seconded by Peter Meyer, Vote to approve carried

## Treasurer:

	Savings	Checking	SUG	Total	Diff	YTD Diff
2-Sep	\$105,908.98	\$26,352.71	\$1,940.00	\$134,201.69	\$222.87	\$19,089.36

Not a lot of change since last month. We had over \$1000 in income from classes and haven't had any Lumber Room bills this month. We have another CD maturing next this month and plan on buying another 1yr CD. Call protected one year rate is at 4.3% as of today.

## Vice President:

New monitoring procedures and forms are in effect. Please review the new forms, you earn a half credit for each 2 hour shift accomplished. We will be going back to two monitors per shift on the 23rd of September. The 2 hour shifts seem to be working for people, we have had fewer shifts that need to be covered since it was started.

## **Committee Reports:**

### **Education, Jim Casey**

Sent out a list of classes that are open for September, we will continue to do this at the beginning of every month. You can click the link in the email to sign up for classes.

### **Social: Ron Wilson**

We will have the Beardsley Park to ourselves for the picnic this year. The club is providing hamburgers and hot dogs and soft drinks. Asking club members to bring side/desserts. \$5 fee, there will be a lot of door prizes, as well as a 50/50 drawing. We do need volunteers for the October picnic

November 7th we will have a tool auction, hot dogs and water will be provided. If anyone has tools they want to donate (woodworking items) to the auction, see Gary Roberts if you want to get involved.

December 13th is our annual Holiday party. You get a \$37 meal for only \$15. We will have both door prizes and raffles. We are taking donations.

Sun City West Foundation is soliciting items for their annual charity auction. They do a lot of good for our community.

### **Equipment, Gary Rippentrop**

### **Safety, Bob Simmons**

Last month we had a member that had a sensitivity issues that required medical attention from using wood that he was using.

If there is dust around your machine when you are done using it, please clean up machines when you are done to prevent that dust from becoming airborne.

Table saws have been an issue lately, ensure you look down around the blade to make sure the dust collection system isn't plugged with large debris.

### **Maintenance, Art Lincoln**

Joiner motor went down last month. We had the motor rebuilt for less than \$500 (not bad for 14 years of service). The new sit down lathe is in process of being installed, it is a small 1hp motor, not a giant work horse. Please plan accordingly with your projects if you are going to use it.

October 1st maintenance will be going back to every Thursday.

### **President,**

Question about credit sheets for cleaning, they are tracked separately.

For those that have been in, you might have noticed a lock on the log saw machine. We now have a class which goes over safety aspects of the log saw. The membership screen at the tool crib desk has a new permissions box that shows what special permissions each member.

\$15 Christmas tickets this year, the club will pay for the remainder of the fees. The menu will be ham turkey, potatoes, vegetables, pies, and non-alcoholic beverages. It will be at Palm Ridge on December 13th.

**Old Business:**

Membership book at front counter, you can opt out of being published in this book. The emergency contact information is there to help first responders make notifications if necessary.

**New Business:**

Picnic Beardsley Park October 23,
