

General Meeting Minutes Sun City West Woodworking Club 10/07/2025 at Palm Ridge

Meeting called to order: At
1:00 pm by Ron Wilson

Pledge of Allegiance

Board Members Present:

Ron Wilson	Jim Casey
Roger Hunzeker	Bob Simmons
Merrikay Vidal	Ed Sproull
Tim Ogle	Gary Roberts
	Stan Mifflin

Club Members/Visitors:

43 members in attendance. A Quorum was not met.

Secretary:

-September general meeting minutes were posted on the club website and bulletin board. Motion to approve May meeting minutes by Mike Fisher seconded by Daniel Trokan, motion carried. **Treasurer**, Merrikay Vidal:

-See attached treasurers report. Went over income, expenses, and accounts. Our savings includes \$80,000 required by the Recreation Center for equipment replacement reserves.

Vice President, Roger Hunzeker: -Absent,
no report

Education Committee, Jim Casey:

- We have openings in Lathe 1 & 2. Looking for instructors, please see me if you are interested.

View from the Lumber Room, Stan Mifflin:

-Everyone doing a good job, continue to be kind, work safe, work together and help each other out.

Safety Committee, Bob Simmons:

-Air quality has been very good. People are using the shop vacuums, please make sure you know what the chemical labels on solvents and finishes and use appropriate PPE.

-Question about whether there is a requirement to label containers that you have if it is also transferred to another container for use. If the secondary container is big enough to hold the label it will be labeled.

Social Committee, Roger & Mike:

-Ron talked about the picnic on the 23rd of October at 11:30am in the Kuentz Courtyard.

Maintenance Committee, Gary Roberts:

-No major machine issues, except the laser on the 40w diode that broke. -Tool crib modification program is almost done. Things are organized a little differently, in the process of renaming shelves and labeling equipment. Current dilemma is tool chest up front, looking at a better way to label those items. If anyone has any comments, let me know. All of the drill bits are going to be removed and each bit will have a specific slot. Christmas is coming early this year, if there is something you would like to see available in the crib, now is the time to make the request before we finish the project.

President, Ron Wilson

-See the MSDS labels we are using. Anything you have in your locker must have the SDS label on it. Bob and the safety committee is more than happy to help you with filling out the labels. If it is Level 3 or above, it may not be kept in the shop. We have until April 1st to comply with the new Recreation Centers requirements to label and keep hazards out of the club.

-Collets won't be signed out anymore, they will be with the machines to keep them from getting stripped out - they are different for each machine and using the wrong one causes issues.

-Tool crib work continues, we are under budget for the project, be patient with monitors as everything has changed location. The next tool auction will be the 6th of November.

Friday the 17th cleanup crews are going to be blowing the walls, please have your projects covered or removed to avoid lots of dust.

Old Business: -None

New Business: -None

Next Meetings:

-Board meeting is Tuesday, November 4th, 2025, 11am, Palm Ridge

-Next general meeting is Tuesday, November 4th, 2025, 1pm, Palm Ridge
